

Kimball City Council
Regular Meeting
March 21, 2017

A regular meeting of the Mayor and City Council was convened in open and public session at 6:00 p.m. on March 21, 2017 in the City Council Chambers. Council President Warner and Council members Shields, Schnell, and Baliman were present. Mayor Prunty was absent. Also present were City Attorney Hadenfeldt, City Administrator Dean, Police Chief Bremer, Landfill Superintendent Schulte, Special Projects Coordinator Sapp, and City Clerk Russell. The public was represented.

Notice of the meeting was given in advance by publication in the Western Nebraska Observer. Notice of the meeting was given to the members and a copy of their acknowledgement of receipt of notice and the agenda is on record at the office of the City Clerk. Availability of the agenda was communicated in advance notice and in the notice to the members. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public except as otherwise indicated.

Sixth grader Madison Ebeling lead the Pledge of Allegiance.

Warner called the meeting to order at 6:00 p.m.

Baliman moved and Shields seconded to excuse the absence of Mayor Prunty from this meeting. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Warner, Schnell, Shields, and Baliman. Nay: None. Absent: Prunty. Motion carried.

Warner acknowledged the posted Open Meetings Act poster.

Baliman moved and Schnell seconded to move the presentation of fiscal year 2015-2016 audit report by Almquist, Maltzahn, Galloway & Luth, CPA before the public hearings. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Terry Galloway presented the fiscal year 2015-2016 audit report. The auditors presented an unmodified (clean) opinion, which means that everything is true and accurate within the financial statements. Galloway reported the major capital asset events (greater than \$10,000) during the fiscal year included: 2015 Elgin Pelican street sweeper, fairway mower, rough mower, Toro Groundsmaster mower, Toro Workman golf utility vehicle, 2015 JD tee and collar mower, fire hydrants, Toro Workman cemetery utility vehicle, Freightliner sanitation truck, and 2007 John Deere loader. The City of Kimball's total outstanding debt decreased by \$192,407 (6.6 percent) during the fiscal year due to making scheduled payments.

Galloway reported on Kimball's fund balances of budgetary stabilization in the General Fund of \$199,432. He indicated that the good news in Kimball is that Kimball will always underspend the budget. He explained the unassigned fund balances are available beyond September 30, 2016 and are not allocated for a specific purpose. The City of Kimball has accumulated quite a bit in economic development and Galloway commented on the funds for the rail spur. He suggested splitting the Community Development Agency into a separate component.

Galloway commented on the \$1,130,850 in the bond fund and said the City doesn't have any bonded indebtedness in the general activities. He suggested to look to see how those funds can be used; maybe on the rate payers side of things. Galloway said the City can use these funds for a bonded debt on the utility side.

Galloway reviewed the revenues and expenditures and indicated the City spent \$152,772 more money than received. Galloway said the occupation tax currently received is only at 4 percent and it can be set anywhere from 0 percent to 12 percent. Galloway commented on the bond fund and indicated the property tax asking was decreased about 20 percent.

Galloway reported on the Proprietary Funds and the negative assets in the Water and Landfill Funds and indicated the unrestricted net position needs to be in the positive.

Galloway reported on the long-term debt on governmental activities and business-type activities. There are several bond issues that could be retired early. He spoke about the interfund transactions and balances and scheduling some repayments on the interfund loans.

Galloway reported on the budgetary comparison schedule – modified cash basis for the general fund and indicated that the general fund underspent by \$532,993. There is quite a bit of money for community betterment. Schnell indicated that a majority of these funds have been earmarked for the underpass project.

Galloway provided a benchmarking sheet which indicates best practice and the City's figures from 2016, 2015, 2014 and 2013. He reviewed the top 4 sources of revenues and said that citizens are paying less in the way of property taxes. Galloway reviewed the highway allocation and municipal equalization, government expenses, levy rates and debt service. Galloway commented on the operating income/total operating revenue and the rates and operating costs.

Galloway reviewed the debt coverage ratio for the electric, water, sewer and landfill. The debt coverage ratio analyses indicates how much cash flow the City has to have.

Galloway reviewed the cash, investments and treasurer cash. The cash reserves should continue to grow going forward and the City should continue to monitor the utility fund and analyze and review the rates.

Discussion was held on the Economic Development Fund and Galloway suggested

amending the Economic Development Plan to be able to use more of those funds.

Council members thanked Galloway for taking the time to review the audit report. Shields moved and Baliman seconded to accept the fiscal year 2015-2016 audit report as presented. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

At 6:26 p.m. Warner opened a public hearing for rezoning a tract of land in the Northwest Quarter of Section 33, Township 15 North, Range 55 West of the 6th P.M., Kimball County, Nebraska, containing 9.48 acres, more or less, from Multi-Family Residential (R-3) to Rural Residential District (RR).

Wendy Baker, 4342 Link 53E, and her husband purchased this property in 2016. They are requesting to rezone to Rural Residential District to enable them to fence it and put their horses on that property and use as pasture.

The Planning Commission has recommended approval. There being no further comments, Warner declared the public hearing closed at 6:29 p.m.

Schnell moved and Baliman seconded to introduce Ordinance 745 and waive the requirement of reading on three different days. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Council President Warner read Ordinance 745 by title only.

ORDINANCE NO. 745

AN ORDINANCE AMENDING THE ZONING OF CERTAIN PARCELS FROM MULTI FAMILY RESIDENTIAL (R-3) TO RURAL RESIDENTIAL DISTRICT (RR) PROVIDING FOR THE REPEAL OF ORDINANCES IN CONFLICT; PROVIDING FOR THE EFFECTIVE DATE OF THIS ORDINANCE AND PUBLICATION IN PAMPHLET FORM.

Schnell moved and Baliman seconded to pass and approve Ordinance 745. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

At 6:31 p.m. Warner opened a public hearing for an amendment to the City of Kimball Zoning Ordinance pertaining to special use permits for keeping animals. Dean indicated that since he has been in Kimball, there have been a number of inquiries for the keeping of animals on larger lots. This can be done as a special use so that the Planning Commission and City Council can determine if the permit meets the special use requirements. This is for a minimum lot of one acre.

The Planning Commission has recommended approval. There being no further comments, Warner declared the public hearing closed at 6:34 p.m.

Shields moved and Schnell seconded to introduce Ordinance 746 and waive the requirement of reading on three different days. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Council President Warner read Ordinance 746 by title only.

ORDINANCE NO. 746

AN ORDINANCE AMENDING THE ZONING ORDINANCES OF THE CITY OF KIMBALL, KIMBALL COUNTY, NEBRASKA TO ALLOW FOR THE KEEPING OF ANIMALS AS A SPECIAL USE; PROVIDING FOR THE REPEAL OF ORDINANCES IN CONFLICT; PROVIDING FOR THE EFFECTIVE DATE OF THIS ORDINANCE AND PROVIDING FOR PUBLICATION IN PAMPHLET FORM.

Shields moved and Schnell seconded to pass and approve Ordinance 746. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Bob Meade, NMPP Energy, presented information on the recent energy audit of the Event Center. He reviewed photos taken of the interior of the building which indicate deterioration of sheetrock, wiring code violations, insulation missing and numerous other issues. One of the issues was that the thermostats were set so that the air conditioning and heat were fighting each other; thermostats were set at the wrong temperature in unused areas, and almost all the thermostats were programmed incorrectly. He said that Hinton has done quite a bit of legwork for the energy audit and said that there could possibly be a 25 percent savings if the lighting was switched to LED lighting.

Meade indicated the building itself is good and the insulation levels in the outside walls is good. The insulation in the roof needs to be drastically upgraded. Warner inquired what percentage would need to be fixed to bring this up to code and Meade said he does not know the answer to this but to refer to building standards. Schnell commented that once remodeling is started on the building, a fire suppression system must be installed.

Shields inquired about the thermostats and Sapp indicated the Electric crew reprogrammed the thermostats. They are now covered and locked. Sapp said the utility bill for the last month was \$2,000 less than the previous year, so it has made a difference. Meade commented on keeping the heating and cooling turned off in the areas that are not being utilized which will provide a cost savings as well. Warner said the Event Center Committee is very grateful to Meade in providing his assistance and information.

Warner opened discussion on the request from Beer and Loathing with regard to the granting of Keno funds. Heather Entingh informed council members of her business running \$355,000 in Keno money in 2016 and commented on the percentage the City, the Keno operator and her business receive as a result of the Keno operations. Entingh indicated she is always hearing how there are not any volunteers or anyone for community service but the City hands over the Keno money with no requirements. She inquired if there is a way to amend the Keno grant application.

Entingh received information from Russell on the Keno grant awards however, Russell had no information of any logged hours of community service or volunteerism as a result of the awards. She commented on getting volunteers for the pool or providing some type of community service as in-kind hours to use towards receiving the Keno grants. Nate Entingh indicated there are a lot of projects that need to be done in Kimball. If people want access to the Keno money, there is no reason why they can't give back to the City.

Baliman indicated that the last time she was on the council, they were just starting to do this. The rule of thumb was that the Keno funds would help with funding for an event for three years. Baliman said that the aforementioned is an important conversation that needs to take place.

Discussion was held on civic organizations and providing volunteer hours and keeping track of the hours. Entingh said every group can put their effort into the community. Shields expressed concern about volunteers at the pool and the potential for injuries. Warner said the County has a general assistance program and by State Statute they can ask for certain hours of volunteering; however, the insurance coverage may be difficult. Entingh commented on logging in-kind hours and providing more money for the Keno grants. Schnell said this could be made a part of the grant that 10 percent of what is granted goes towards insurance. Schnell also commented on the Lions Club and what they do for the community.

Further discussion was held and Warner suggested setting up a committee. Entingh and her husband volunteered to sit on the committee. Dean commented that the City needs to be very careful with how volunteers are used. There are a lot of things that volunteers cannot do. He said the committee might want to look at establishing some better ground rules, set up some criteria and one of the criteria could be that the applicant needs to indicate what they have done for the community. Dean commented that the civic clubs are mostly volunteer. He also commented that it is a lot of work to track hours.

Spud Rowley, Recycle Center Manager, commented that years ago the Post Prom Committee would help with Keep Kimball Beautiful's annual clean up event. Rowley volunteered to sit on the committee. Schnell and Baliman volunteered to sit on the committee. Schnell moved and Baliman seconded to place a moratorium on awarding Keno grant funds until amended guidelines can be presented at the April 18, 2017 meeting. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None.

Motion carried. It was indicated that the Keno fund applicants at this meeting should still give their presentations.

It has been requested the Keno fund application from Kimball Public Schools, School Health Office be considered at the next meeting.

Warner opened discussion on a Keno fund application from Tri-State Grapplers. Ashley and Jay Thurin started their own wrestling club a number of years ago. They all kids to have an opportunity to wrestle on a smaller scale. The Keno funds will help buy uniforms for the kids. The Tri-State Grapplers represent Kimball around the state as well as nationwide. Thurin said she does give back to the community by helping with youth basketball, she is on the VFW Auxiliary Board and she also helps with baseball. She puts in a lot of hours to keep the youth off of the streets.

Thurin said they are asking for money for uniforms for about 15 kids. They were trying to raise the funds throughout the year and it is hard to sell enough items to get the money for the uniforms. Schnell commented that he knows that they take their group of wrestlers and teach them to volunteer and that is the way Entingh was directing her conversation. Thurin said she does understand. Baliman said this is the perfect time of year to do some type of yard cleanup to raise funds.

There being no further discussion, Baliman moved and Schnell seconded to table the Keno fund application from Tri-State Grapplers. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on a Keno fund application from Penny Hobbs/Sierra Bovial/Tri-State Grapplers. Short videos of Sierra Bovial wrestling was presented. Bovial said she is asking for funds to help with the costs of the Junior Olympics in July in Detroit, Michigan and the Disney Duals in Florida in June. She is representing the Nebraska team and the funds will help pay for the travel, motels and registration. Hobbs indicated that the Thurins do make the kids work for what they get.

Schnell suggested checking with the district regarding funding and indicated that the City Council will review the Keno fund requests at the April 18th meeting after the Keno Committee presents new guidelines.

There being no further discussion, Schnell moved and Baliman seconded to consider the Keno fund application from Penny Hobbs/Sierra Bovial/Tri-State Grapplers at the April 18th City Council meeting. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on the Main Street Design and Improvement Grant application from Vince's Corner. Sapp indicated Henry Heeg is redoing the outside of Vince's Corner building and removing and replacing the stone and siding on the building. The total cost is estimated to be \$20,000 and the Main Street Design and

Improvement Grant Committee recommended funding \$4,000 after receipts are received. Warner commented that it is nice to see re-investment in the community.

There being no further discussion, Baliman moved and Shields seconded to approve the Main Street Design and Improvement Grant application from Vince's Corner for \$4,000. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on an amendment to the Main Street Design and Improvement Grant eligible activities. Sapp indicated that in the past month, there have been two different inquiries about exterior door repair or replacement being an eligible activity. The Economic Development Committee has recommended approval on amending the eligible activities for the Main Street Design and Improvement Program Grant to include "exterior door repair or replacement". On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on the citizen agenda item to extend Oak Street at the entrance to Phoenix Conoco, 1st Interstate Inn and the Diner. John Morrison, 510 S. Webster Street, asked that the entrance be made clearer. Oak Street appears to go across Highway 71 by the Phoenix Conoco building; however, it is not a City Street so the City cannot make any repairs to that area. Morrison said the City has been kind enough to put millings in that area in the past. There are three businesses in that area and there is no City street and the businesses would like that section to become a City street.

Morrison indicated the City does receive a benefit from this area. He has invested a lot of money in this business and would eventually like to develop the area behind the business. Morrison said it is the fair and right thing to do to make it a City street. Shields inquired how far in does he want the street and Morrison said right up to the property line which is right up to the sign. Hadenfeldt inquired if the property has been subdivided and Morrison indicated it has not. Warner commented on economic development money being used for this. Hadenfeldt indicated Morrison will have to replat the property and dedicate that area as a street. The replat will be considered by the Planning Commission and the City Council and, once approved, it will become a City street.

Morrison indicated most of the road does not need to be repaired or replaced. He maintains it now, but the City has put some millings there. He has more interest in getting that area repaired and he said it was agreed that this is part of the City's to repair. He wants the entrance fixed but thinks down the line it would a benefit to the City to make it a City street.

Dean said he sees two issues, dedication of the street through a plat and repairing the area in front. After discussion, Baliman moved and Shields seconded to direct staff to look into repairing the City portion of the property on the driveway off of Chestnut Street.

On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on the Tree Removal/Planting Permit within the City right-of-way. Dean indicated this permit was a recommendation from the Tree Board to have a permit for people wanting to plant or remove trees in the right of way. Hadenfeldt indicated that anytime people are in the City's right of way, there should be some type of permit to at least have a record of it. The City is being proactive with this permit. Schnell inquired about sidewalks and noting sidewalk information on the permit. Some discussion was held on sidewalks and the requirement to take them out to the curb.

Jim Cederburg, 800 S. Nadine Street, indicated that if the permit is approved, there needs to be some education regarding the City right of way.

There being no further discussion, Schnell moved and Baliman seconded to approve the Tree Removal/Planting Permit. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on the Administrative Services Agreement between ICMA Retirement Corporation and City of Kimball. Dean indicated this is the retirement plan that he has used throughout his career. In order to transfer this to Kimball, the City needs to enter into the agreement. Hadenfeldt has reviewed the agreement.

There being no further discussion, Schnell moved and Baliman seconded to approve the Administrative Services Agreement between ICMA Retirement Corporation and the City of Kimball and authorize the Mayor to sign. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Schnell moved and Baliman seconded to approve Resolution 2017-06.

RESOLUTION 2017-06

WHEREAS, the City of Kimball has employees rendering valuable services; and

WHEREAS, the establishment of a deferred compensation plan for such employees serves the interests of the City of Kimball by enabling it to provide reasonable retirement security for its employees, by providing increased flexibility in its personnel management system, and by assisting in the attraction and retention of competent personnel; and

WHEREAS, the City of Kimball has determined that the establishment of a deferred compensation plan to be administered by the ICMA Retirement Corporation serves the above objectives; and

WHEREAS, the City of Kimball desires that its deferred compensation plan be administered by the ICMA Retirement Corporation, and that some or all of the funds held under such plan be invested in VantageTrust, a trust established by public employers for the collective investment of funds held under their retirement and deferred compensation plans;

NOW THEREFORE BE IT RESOLVED that the City of Kimball hereby adopts the deferred compensation plan (the "Plan") in the form of the ICMA Retirement Corporation Deferred Compensation Plan and Trust, referred to as Appendix A

BE IT FURTHER RESOLVED that the City of Kimball hereby adopts the Declaration of Trust of VantageTrust, attached hereto as Appendix B, intending this adoption to be operative with respect to any retirement or deferred compensation plan subsequently established by the Employer, if the assets of the plan are to be invested in VantageTrust.

BE IT FURTHER RESOLVED that the assets of the Plan shall be held in trust, with the City of Kimball serving as trustee, for the exclusive benefit of the Plan participants and their beneficiaries, and the assets shall not be diverted to any other purpose.

BE IT FURTHER RESOLVED that the City of Kimball hereby agrees to serve as trustee under the Plan.

BE IT FURTHER RESOLVED that the City Treasurer shall be the coordinator for this program; shall receive necessary reports, notices, etc . from ICMA Retirement Corporation or VantageTrust; shall cast, on behalf of the City of Kimball, any required votes under Vantage Trust; Administrative duties to carry out the plan may be assigned to the appropriate departments, and is authorized to execute all necessary agreements with ICMA Retirement Corporation incidental to the administration of the Plan.

This Resolution shall become effective upon its passage and approval.

Passed and approved on the 21st day of March, 2017.

/s/Christy Warner, Council President

ATTEST:

/s/Rosemarie D. Russell, City Clerk

On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Warner opened discussion on the ACE revenue return for FY 2016-2017. Dean indicated the Mayor had requested this be on this agenda. Dean said his approach to this is that it should have been anticipated in the budget revenue and appropriated. He said after discussion with the auditor, in Nebraska law it can legally be accepted as revenue even though not budgeted. However, Dean recommended that this be

anticipated in the next fiscal year's revenue stream. He said it is a philosophy to anticipate the revenues and budget them and appropriate them. Warner indicated that once it is closer to budget time, there may be some specific projects to use this for. Dean indicated that the budget can be reviewed to see where this will fit in.

There being no further discussion, Schnell moved and Shields seconded to earmark the FY 2016-2017 ACE revenue return of \$3,773.70 to be used for next year's budget. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

The City Council reviewed the following items under the consent agenda:

1. Minutes from the February 21, 2017 regular city council meeting and March 7, 2017 joint City Council and Board of Public Works meeting;
2. Claims; and
3. Financial Statements.

Baliman moved and Shields seconded to approve the consent agenda items as presented. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner and Baliman. Nay: None. Absent: None. Motion carried.

Dean reported the golf course opened for play on March 10th. Clean up continues on the Eby property and City employees removed several dead trees. The Kimball Library will be celebrating their 50 year anniversary in the building on April 2nd. The Police Department is advertising for a Community Service Officer position and Chief Bremer is working through the process. The individual will be addressing nuisance and animal issues but the citations will be done by Chief Bremer. The City has been working through the Landfill C & D Cell update. Dean had a conference call with NDEQ indicating a certification was needed. Golder Associates provided the information and it was accepted by NDEQ. The tree removal/replacement grant has been awarded again this year by the South Platte NRD. A tree planting grant for Gotte Park was also awarded. City staff has been attending monthly safety training and the Safety Committee is updating the Safety Data Sheets for all the departments. The Tree Board is planning an Arbor Day celebration on April 28th and further information will be provided as the date nears.

Dean reported he met with a number of residents, mostly regarding zoning and land use issues. He, Mayor Prunty and Council member Shields participated in a local government day for the high school civics class. Dean attended the Kimball County 150th year anniversary celebration for the State of Nebraska.

Dean reported the NDEQ conducted a surprise inspection at the Wastewater Treatment Plant today.

Warner inquired about the frozen positions in the Police Department and whether they have been unfrozen to create the CSO position. Bremer said it is a part time position.

Dean indicated that while it is not a police officer position, it does take the place of one of the Police Department positions.

Warner reported that with everything that has come about over the last weeks and months, she appreciates everyone that serves on the boards and council. She added that the City has employees that work diligently to follow through on the decisions made.

The next City Council meeting will be held on April 18, 2017 at 6:00 p.m.

There being no further business to come before the Council, Schnell moved and Baliman seconded to adjourn at 8:06 p.m. On roll call vote, the following votes were recorded on the electronic voting board. Aye: Schnell, Shields, Warner, and Baliman. Nay: None. Absent: None. Motion carried.
