Choose ACE, Choose Nebraska

April 2017 marks the 20th Choice Gas selection period!

The 2017 Choice Gas program selection period begins April 13 and runs through April 27. ACE is the only community-owned, not-for-profit supplier in the Choice Gas program. It is owned by 72 member communities in Nebraska, including Kimball, and participates in the Choice Gas program to provide competition for the benefit of all natural gas customers.

As a not-for-profit gas supplier, ACE can return excess revenue above the cost of operating the organization to its member communities, keeping money in Nebraska. ACE has returned more than \$42,681 to Kimball since 1998. ACE distribution funds are used in various ways for each community.

As an ACE member community, local residents benefit from a community-owned, not-for-profit supplier providing competition in the Choice Gas Program.

ACE offers several pricing options, including ACE WeatherShield™, a fixed level monthly bill option (which covers all commodity and distribution charges, taxes and fees) along with fixed and market rate options.

For more on ACE and its pricing options, go to www.ACEenergy.org.

Kimball has been selected as one of the 42 Nebraska communities to be a stop on the route of the Nebraska 150 Children's Mobile Museum. This mobile museum will travel the entire state and highlight Nebraska's past, present and future.

"Truckin' Through Nebraska" is a fun, hands-on children's museum experience created for the kids of Nebraska in honor of the 150th anniversary of statehood in 2017.

This state-of-the-art mobile museum will tour from April through the fall of 2017. Further information on dates and the museum location will be provided in the near future.

Visit www.ne150.org/museum for more information on this unique experience.
