To the storytime kids delight, City Police Chief, Andy Bremer read Dr Sues to them.

We, at the City of Kimball, are concerned about the health and well-being of the residents and our employees. We urge everyone to follow the precautions of the health community and of the CDC. The CDC guidelines have been posted on our Facebook page.

As a provider of essential services such as water, electric, sanitation and law enforcement, we will continue to be operational; however we have amended our procedures at City Hall to help promote best practices for residents and staff alike. We have locked our doors but encourage people to drop their utility payments in the drop box next to the front door or call for debit or credit payments. Please call or email us with your needs. Most issues can be dealt with in this manner. Please follow our Facebook page for our future status or call 308-235-3639.

The Library and Fitness Center also remain closed; however, the Library will bring books to you curbside if you call in your request at 308-235-4523.
