

City of Kimball High Points

August 2018

REMINDER!

The City of Kimball would like to remind residents that it is their responsibility to keep trees trimmed and clear of all service lines on their property. Also, meters need to be easily accessed; clear of tall weeds and grass, dogs and dog refuse, as well as prickly plants and construction items.

Notice to Kimball Sanitary Sewer Customers

The City of Kimball would like to remind you **NOT** to put the following in your sewer system:

- | | |
|-----------------------|---------------------------------|
| Cooking Grease | Hand Towels |
| Bath Towels | Paper Towels |
| Clothing | Diapers |
| Shoe Strings | Any other foreign object |

Foreign objects can cause a blockage of the main sewer line resulting in sewage backup into basements causing major damage! Your help is greatly appreciated!!

Reminder: Deadline for removing trees in the Tree Grant Program is September 1

Let's All Be Good Neighbors

Here are some things you can do to make sure you are a good neighbor.

- Un-mowed yards are unsightly and unhealthy. They detract from the quality of life and property values as well as providing safe haven for rats and other vermin. Grass or weeds cannot be higher than 6 inches, so remember to mow your yard before it reaches this height. If high grass and/or weeds are reported at your property, you will receive a letter indicating that you have five days to rectify it. Please keep your yard mowed.
- Trash and debris creates an eyesore, detracts from the quality of life and lowers property values. Accumulations of trash and debris also harbor rats and other rodents. Please keep your yard free of loose trash and debris.
- Barking dogs need to be taken care of. A "rule of thumb" would be after 15 minutes of barking, your neighbors have probably had enough and you need to bring the dog inside.
- When walking dogs, please keep them on a leash and remember to pick up dog waste. Don't leave dog waste on other people's property or public property.
- Junk and inoperable vehicles are a hazard as well as an eyesore and lower property values.
