

**City of Kimball
South Platte NRD Community Forestry Program
2018 Tree Removal/Replacement Grant Application**

**Limit of \$750 per grant application.
One grant application per family per year.**

The 2018 Tree Removal/Replacement Grant program is being funded with grant funds from the South Platte Natural Resource District and the City of Kimball Tree Board. Funds are required to be matched by the applicant. Another requirement is to replace the trees removed; either by replacing on the property where the trees were removed or by planting on a public property.

Removal of trees must be completed by a licensed tree removal service. A bid from the tree service must be attached to this application. Replacement tree type and placement must be approved prior to planting.

Tree stump removal is not eligible for grant funds.

Payments will be made directly to the tree removal service and the approved tree suppliers.

PHOTOS OF THE TREES PRIOR TO REMOVAL & THE NEW TREES ARE REQUIRED TO BE SUBMITTED WITH THIS APPLICATION.

Approval of the application is solely the City of Kimball's decision. As funds are limited, the intent is to assist as many citizens as possible. Applications may be funded wholly or in part at the discretion of the City of Kimball.

Tree Planting deadline: June 1, 2018 Tree Removal Deadline: September 1, 2018
